# Coir Loader

Automate loading your Coir processor to save time and money!

The Coir loader remains vertical during operation saving time, space and energy. Fully automated and programmable controls allows for different pallet configurations plus a manual control cycle for operator indexing of blocks/pallets. A sensor controlled gate at discharge can be adjusted to deliver a controlled flow of blocks to processor.

- Process pallet of Coir blocks
- Touchscreen Controls
- Pre-programmed for auto loading or manual operation
- Processing completion rate indicator
- Floor anchor brackets for secure installation

## Specifications

Power	220V / single or three phase
Production	Up to 3 pallets per hour
Dimensions	117"L x 98"W x 144"H
Weight	Approximately 5,100 lbs

Patent Pending

Made in the USA
