Heavy Duty Dibble Conveyor

Model # 14590

Trays move through the Dibble Conveyor where holes are pressed into the media with a dibble board, ensuring even spacing and plant depth.

The operator's hands are free to insert plants into pre-dibbled holes. Capable of running up to 11 trays per minute.

110V/ Single Phase; requires user provided compressed air at 80PSI at 7CFM.

Manual Transplanting System

A proud member of the
BouldinCorp™ Family

Made in the USA
