Conveyor to conveyor
interlocking system

Foldup legs for
transportation

A proud member of the
BouldinCorp™ Family

HD Portable Conveyor

Heavy Duty Portable Conveyors are rugged and available in two standard lengths: 10' and 20'.

Conveyor to conveyor interlocking system – this ensures conveyors are always aligned, correct height, and correct spacing for pot and tray transfer.

Hitch and fold up leg for easy towing and transportation make this conveyor a very versatile unit.

Manufactured with a 12" wide, self-aligning belt, and anti-friction conveyor bed, the Portable Conveyors transfer pots or trays (5" to 15 gallon) with ease.

Tow Hitch
